Compliance

General

Salmon Hygiene Technology Products comply with:

- FDA (Food and Drug Administration in the USA)
- European Commission Regulation (EC)
- FEIBP (European Brush ware Federation)

All Salmon Hygiene Technology products are made using FDA Approved raw materials. Code of Federal Regulations:

- 21 CFR 177.1520
- 21 CFR 176.170
- 21 CFR 177.1660
- 21 CFR 177.1500

European Commission Regulation (EC)

Salmon Hygiene Technology products comply with the requirements of the European Commission Regulation 1935/2004/EC (Framework Regulation). Regulation 2002/72/EC. Regulation 2023/2006 and Regulation 10/2011/EC and subsequent amendments and updates.

(Under Regulation 10/2011/EC Materials intended to come into contact with foodstuffs are not allowed to transfer toxic substances via migration when in contact with food. Salmon Hygiene Technology products are specifically designed for the food industry, and are 100% compliant with this requirement. All our products have been tested by a certified laboratory, furnishing documentation that our products are complying with the migration limits laid down by EU legislation, set up under regulation 10/2001/EC).

FEIBP

Salmon Hygiene Technology products comply with the European Brush Manufacturers Professional Hygiene Brush Charter, which promotes high quality professional brushware, and they comply with all existing Hygiene Regulations.

Chemical Resistance

Concerning chemical capability of the plastics used in Salmon Hygiene Technology products, we confirm that the products resist all approved detergents and sanitizers used, according to the dosing recommendations.

ISO Standards

The Hill Brush Company Limited are certified in accordance with ISO 9001-2008
